

## **Acrylic Afternoons With Heather Bennett**

### **Materials List:**

Acrylic paint and other supplies can be purchased at the following for very good prices:

Michaels, Blick ([dickblick.com](http://dickblick.com)), Amazon.com, Jerry's Artarama ([jerrysartarama.com](http://jerrysartarama.com))

Brushes: Inexpensive acrylic brush set (flat and round shaped, various sizes from an inch to a quarter inch wide.)

Acrylic Paint: Brand names are Golden, Liquitex. (Michael's brand is Artist's Loft) Colors you will need: Phthalo Blue, Titanium White, Mars Black, Raw Sienna, Brilliant Yellow, Brilliant Red.

Canvas: 6 pack 12x16 stretched canvases (Michael's seems to have the best price)

Other Tools: A palette (you can use paper plates or buy a reusable plastic one), rags or paper towels, palette knife, small spray bottle (for water.)

Always wear old clothes, coveralls or an apron that can get dirty. You'll need a way to safely transport wet paintings, as there is no storage at the JSAC. One option is to bring a cardboard box or a flat piece of cardboard large enough to put a painting on without the wet surface touching anything.
